

Ohio Goes Republican By Over 100,000.

New York City Gives the Democrats About 35,000 Majority.

The Republicans, How, Claim the State by 35,000 Majority.

Pennsylvania Gives Heywood, for State Treasurer, a Majority of 175,000—Republicans Claim 20,000 Majority in Nebraska—Maryland Claimed by Republicans—Virginia and Mississippi Democratic.

OHIO. COLUMBUS, O., Nov. 6.—It is evident that the republicans have carried the state by a majority as large as that won by McKinley two years ago. Upon the meager returns now in there is shown a net republican gain per precinct of over two. This can not be but the strength of the democrats in the legislature smaller than it is in the present legislature.

This means, of course, that Foraker will succeed Brice in the senate, and Ohio will be for the first time in many years a two republican senator in the senate. It is also said that McKinley in the front rank is a claimant for the republican nomination for the presidency.

At 6 o'clock Tuesday night Secretary Matthews, of the republican committee, announced that the republican plurality was at least 80,000, and that the legislature, following that figure will be overwhelmingly republican in both branches. The latest returns indicate a republican gain of two votes per precinct throughout the state over the vote of 1902.

COLUMBUS, O., Nov. 6.—As later and more reliable returns come in from the county the plurality given the republicans seems to increase. At this time it is 10 p. m. and the returns are still coming in. It is estimated that the republican plurality for the legislature is 100,000. He sent a telegram to Gen. Bushnell congratulating him upon his magnificent election as governor of Ohio.

Sen. Anderson, chairman of the democratic state executive committee at this hour admits that the vote of the returns as far received indicates a plurality of at least 40,000 for the republicans. He hopes, however, that later returns will be more favorable and does not yet concede the state.

It is almost certain that the republicans will have a large majority on joint ballot in the general assembly.

RECOMMENDATIONS. OF THE BOARD OF BUREAU CHIEFS REJECTED BY SECRETARY HERBERT.

WASHINGTON, Nov. 6.—Secretary Herbert has rejected the recommendations of the board of bureau chiefs that additional penalties be imposed on contractors for the overweight of hulls or vessels and failure to deliver plans for armor plate within the time specified.

The contract, which Secretary Herbert disagreed with the other chiefs on these propositions and argued on them before Secretary Herbert. He called the attention of the secretary that the contractors at present had three penalties. These were as much, he claimed, as they could bear. If additional penalties as proposed were added it would prevent many contractors from bidding.

The secretary agreed with Contractor Hepburn, and refused to impose additional penalties recommended.

THE SPANISH ARMY. In a Badly Demoralized Condition—Soldiers Starving and in Rags.

NEW YORK, Nov. 6.—A special from Key West, Fla., says: The Spanish army in Cuba is badly demoralized and is starving, according to a letter received here from Cuba. This demoralization is due to insufficiency of food and clothing and lack of pay. The soldiers, the letter says, are starving in rags and barefooted, and many have not been paid since the revolution began.

The morale of the army is so low that the troops. Some time ago the soldiers sent a petition to Madrid asking that the families of those dying of yellow fever be supplied with food and clothing. The petition was approved by Campos, but the Madrid government refused to grant it.

The soldiers have been mutinying over these things, and mutiny is threatened. It is reported in Havana that Campos has called Madrid that unless the soldiers are treated better Spain will soon have none left to fight her battles.

Suicides are occurring daily. Last week near Remedios a lieutenant who was suffering from homesickness, lost his reason and ran amuck. He shot four privates dead and then put a bullet through his own heart. In Matanzas Capt. Bajonetto, of the Maria Cristina regiment, blew out his brains Saturday. Bajonetto's wife was a Cuban, and she urged her husband to desert to join the revolution. He refused, but his wife upbraided him so bitterly for fighting against her countrymen that he committed suicide. The wife is reported to be in the Spanish army, and many of whom there are many, are making trouble. They have applied for transfers to the Philippine islands or to other Spanish possessions. While they do not wish to desert, they say they will not fight against their brethren who are trying to free Cuba. This defection of the Cuban officers has rendered useless several battalions. Spanish inhabitants in the country districts are leaving Cuba by hundreds. The island has been almost depopulated. The Spanish soldiers say the island is lost to Spain and that they are getting out while they can. Every steamer leaving Havana for Europe is crowded with refugees.

In many counties, due to a snowstorm falling most of the day. In the three largest counties, Annapolis, St. Paul and Pueblo, the republican party seems to be defeated. In Denver the interests in the election were intense. The main ticket will probably vote republican, for sheriff, is certainly elected over Webb, the republican candidate. The women voted about as generally as have men.
